

# Adalpha Capital Management

Adalpha Capital Management is a Commodity Trading Advisor that offers proprietary, diversified, 100% systematic managed futures programs to implement short-term trading strategies. Founded by Gary Polony, Chief Executive Officer and Portfolio Manager, who has two decades of systematic trading and investment experience. The Adalpha Diversified Short-Term program utilizes a 100% systematic short-term trading strategy, leveraging multiple momentum and mean reversion-based systems which incorporate price, time, volatility, and pattern recognition into its dynamic models. The portfolio is diversified over multiple markets, multiple timeframes, multiple systems and adheres to a strict risk management approach applied at all levels.

Adalpha Capital Management is a Commodity Trading Advisor in partnership with Attainable Alpha, LLC.
